

Kids with Food Allergies (KFA) has put together this list of allergy-friendly candy for every day or special occasions. This information is for your convenience only. It is not an endorsement or a guarantee of any product's safety. Always read ingredient labels. Contact the manufacturer, if needed, to confirm if a product is safe for your child.

**The candies on this list are free of the most common allergens – milk, egg, soy, peanut, tree nuts (not including coconut), sesame, wheat, gluten, fish, and shellfish. Most are also free of coconut.** For more candy options, visit [kidswithfoodallergies.org/foods](https://kidswithfoodallergies.org/foods) to create your own custom search.

Click the links below to view the product listings in our Allergy-Friendly Foods collection which contains the manufacturers' websites, allergen ingredients, flavors, and varieties, as well as currently available manufacturing information.
